

INTO THE NIGHT INTO THE CITY

INTRO

/D/D/D/D/D/D/F/G/

I

/D/D/F/G/

White lines
black road
past midnight
drive real slow

Eyes are starin'
look at the street
neon night
city beat

II

Faces in mirrors
voices seem lost
"Want a good time?"
"What's the cost?"

/D/D/F/A/

City charades
lovers and crime
the city night
at carnival time

CHORUS

/CD/CD/F/G/CD/CD/F/A/

Into the night
into the city
sounds of the city
keep pounding on

Into the night
into the city
the neon night
is burnin'

III

Fancy women
cheap topless bars
endless parade
of hissing cars

Gamblers and lovers
preachers and liars

dark alley moans
burnin' desires

IV

City night
neon lights
drive alone
into the night

In hotel rooms
hear people scream
unspoken passion
deep dark dreams

CHORUS

SOLO -VERSE

CHORUS

BRIDGE

/D/D/C/C/D/D/F/A/

Dark cloudy sky
no moon for light
the doors of perception
are closed tonight

feel suffocation
smell the decay
when will this night
fade into day?

CHORUS
